**Mode:** Offline and YouTube Live Streaming

**Resource Person:** Mr. Nagarjun M. G.

Patent Analyst

M/s Prominence Homeworks, Coimbatore

**Brief Description about the Event:** The event Innovation and Intellectual Property Rights was an insightful session that delved into the critical aspects of patent filing procedures, their limitations, and various intellectual property rights pertinent to academic and research contexts. The lecture provided valuable information, which was followed by an engaging and intensive interaction with the students, fostering a deeper understanding of the subject matter.

**Outcome of the Event:**

- Participants gained a comprehensive understanding of the patent filing process
- The interactive segment of the event allowed students to clarify their doubts and engage in meaningful discussions, leading to enhanced awareness and

preparedness to navigate intellectual property challenges in their future endeavors

#### **Objectives of the Event:**

- To emphasize the significance of intellectual property rights in academic and research contexts
- To inspire students and researchers to innovate while ensuring their creations are protected legally
- To expand the participants' knowledge of various intellectual property rights
- To foster an environment for intensive interaction, allowing participants to ask questions, share experiences, and discuss challenges related to intellectual property

**About Seminar:** The Seminar on 'Entrepreneurship' was organized by Entrepreneurship Development Cell and Institution Innovation Council (IIC) of B. V. V. S. Akkamahadevi Women's Arts, Science and Commerce College, Bagalkote on 14<sup>th</sup> December, 2023. The seminar was organized for B.A., B.Sc. and B.Com students. Smt. CA. Seema S. Mannur, Chartered Accountant S.S. Mannur & Co. Bagalkote was the Guest Speaker of the event.

Entrepreneurship is a process of identifying and starting a business venture, sourcing and organizing the required resources and taking both the risks and rewards associated with the venture.

Entrepreneurship is a key factor for economic development. There is an increased rate of students across developed and developing countries considering the issue of self-employment.

Whether you start your own company or choose to climb up the corporate ladder, maintaining the spirit of entrepreneurship all along the way is essential. This goes far beyond just making money. It is about creating value and ideas, about possessing internationally convertible leadership skills and about cultural diversity. The objective of this session was to motivate students towards entrepreneurship as it can create employment for the future generations.
